Winter class typing race

A 40-minute plan for the last week before break

The day before

- [ ] Open typingpractice.ai/race on a class computer. Blocked? Send your IT team typingpractice.ai/schools.
- [ ] Pick passages from the winter race kit: one short, one medium and one long.
- [ ] Print a winter certificate for each student.

0–5 min

Set up

Sign in, start a class race and put it on the big screen. Students join with the code and a first name.

5–10 min

Warm up

A practice round with a short passage. No scores yet, just fingers on the home row.

10–25 min

Three rounds

Short, then medium, then long. Set the accuracy that counts to 90%, or 95% for older students.

25–35 min

The final

Everyone races the long passage once more. Cheer for personal bests as well as places.

35–40 min

Certificates

One for every student who finished at the floor, plus most improved and steadiest typist.
